RE: The Dinner Detective: An Interactive Mystery Dinner Show
Eddie Deen’s Ranch, Dallas, TX

This petition is to protest the ever increasing practice of event companies planning interactive comedy murder mystery dinner shows where the customer becomes involved in the mystery while being served a several course dinner and attempts to discover “whodunit.” Those of us who have experienced the real thing don’t find it especially funny, in fact, we find it cruel and insensitive. Below is a description of one of these murder mystery dinners.

America's largest interactive comedy murder mystery dinner show! Solve a hilarious crime while you feast on a fantastic dinner. Just beware! The killer is hiding somewhere in the room, and you may find yourself as a Prime Suspect!

The Dinner Detective Murder Mystery Dinner Show performs weekly. We also offer private events & shows that are customized to your group with roles for your group members to play. Join us for a one-of-a-kind public or private event that your guests will talk about for months! Our show is very different from traditional murder mystery dinner shows. We hide non-costumed actors in the audience that are pretending to be regular guests. This results in a much more social and interactive evening than with other shows; you will find yourself engaged and involved to a level you never thought possible! Our shows are set during the present day and take place in real time. Over the course of the night, our costumed Detectives will uncover clues, interrogate audience members that may or may not be part of the show, and help everyone get closer to solving the mystery! The audience member that gives the best correct answer of "whodunit?" before the killer is revealed will walk away with a stellar Prize Package.

We, the undersigned STRONGLY OPPOSE this form of entertainment at the expense of real survivors of homicide victims who must live with the loss of their loved ones for the rest of their lives. It is hurtful, insensitive and unnecessary.
